

Netball End of Season Report 2018

Written mostly by the Captains

U12: The U12 team have been a delight to coach this term and are starting to work well together as a team. All 13 girls have had the chance to play and they have been well led by Captain Chloe Jones who also made a guest appearance in an U14B match V Benenden! (Mrs C)

The **U14C** started the season with a good win against Kings 11-3, followed by a win against Claremont 28-6. Throughout the season Jess Beech and Isla played with great speed, with Erin, Imogen and Cosima consistently shooting well. The C's season finished with a tournament at Benenden School which was played with great enthusiasm. Thank you very much too Mrs Ward for supporting and coaching us. (**Captain - Sophie Addis**)

The **U14B** team has had an enjoyable and successful season developing skills and improving our teamwork. We co-operated well and won half of our matches with the defeats being very close! Throughout the season we have progressed well. Special recognition to Erin Olliver for coming up from the C team, half way through the season to become an excellent addition to the B's. (**Captain - Lilly Simpson**)

U14A: This season we played 7 matches of which we won 3. We have definitely grown as a team and improved significantly from the first match. The best match was against King's Rochester, it was our first win and it gave us confidence for the next matches. Every girl in the team improved and played well. Korede improved the most, increasing her confidence in shooting. (**Captain - Amelie Bottle**)

The U15B team have played brilliantly this season. Although starting off with a loss against Kings they won every other match, showing lots of improvement and skill throughout the season. Our best game was our last game against Kent College Pembury, winning 31-8. The players player is Holly Humphrey. Thanks to Amy for coaching us this season. (**Captain - Eva Wright**)

The U15 A's didn't have the best start to the season losing to Kings Canterbury 11-27, however since then everything only got better as we won all our other matches. The team members changed during the term but all players adjusted well and the results show this. Overall the fluidity of play and turnovers improved greatly and it was a great season. Special

mention to Georgie Parsons being players player. MVP was Alex Turner and MIP was Liv Keene for stepping in to play GS so well. Thanks especially to Emma Riggs for coaching us. **(Captain – Alex Turner)**

U16A: At the start of this season we began with the aim to clean up the structure of our play and work on accurate passes into the goal circle. The improvements of these aspects lead us to progress with our netball and lead to us winning all but 2 of our matches. The most improved player this season was Olympia Anley, players player was Dupe Ometola and Belle Withnell was voted MVP by Mrs Coleman. **(Captain – Belle Withnell)**

This season has been great for the **2nds** winning every match apart from one. It was the first match against a strong side, Kings. We had had little training and to come away losing only by 4 was a very good result. The rest of the season was great with the girls winning by very high scores. The overall goal difference was 140. Standout games were 38-7 v Duke of York and 39-10 v Ashford. Individual accolades to the following. Mrs C MVP – Freya Black , Players MVP -Ella Batson, Mrs C MIP – Emily Freeman and Players MIP – Megan Stewart.
(Captain – Freya Black)

The **1sts** have played 8, won 6 and lost just 2 individual matches this season and considering our losses were to Kings and Colfes, who were very good teams, it's a fantastic result. We played in a Kent tournament back in September which was good training for us. We also came second in the State Boarding Federation tournament winning all but one game where we lost our GK **Lydia** to an injury. Lydia was voted by the team as our most valuable player of the season, she mastered her defence in the D and turned over endless balls to our advantage. **Jess C** stepped up to the 1sts for the SBF Tournament. She played both defence and shooter so was essential to the team on these occasions. Other good wins have been against Duke of York, where **Elsie** played really well with great passes into the D to Izzy and Annie. A huge thank you to **Emily** for being such a reliable player and joining the team when needed in the centre court towards the end of the season. **Connie** too played with passion and commitment as both C and WA. We finished the season playing in the Benenden tournament and beating schools like Mayfield where **Luce** played a strong, consistent WD position who was always ready to receive the ball at the C pass and **Freya's** versatility saved us as she took Lydia's position at GK. **Ella C** continued to turn over play consistently throughout with interceptions and rebounds that earned her MVP for the season. The highlight of the season however for

me was the Bedes game. They were a very strong and dominant team but it was close the whole way through and we won on their home court 26-24. We had no subs so everyone worked really hard but special mention must go to our shooters **Annie and Izzy** who both played exceptionally well. Finally we finished the season beating KC 31-22, it was much more exciting than the score suggests, it remained equal throughout but we took it away in the last quarter. Our final 10 minutes of netball will be one to remember. Good luck to all leavers.

Full colours are awarded to the following:

Louisa Myrtle – Captain

Annie Coleman – Vice Captain

Lucy Carter

Lydia Dunham – MIP

Freya Desoutter

Ella Carter - MVP

Thanks to Mrs Ward, Emma and Amy for supporting Mrs Coleman with the Netball season this term. It's been short but successful, with an overall win rate of **64%**.
