## **OSTEOPATHY OPEN DAYS**

### **For Sixth Form**

The European School of Osteopathy, based in Maidstone, is holding a series of open days from December through to March. Osteopathy is a government regulated Allied Health Care profession and helps to restore movement and function when someone is affected by injury, illness and disability. The open days would appeal to anyone interested in a career in health care and take place on Wednesday 4<sup>th</sup> December, Thursday 9<sup>th</sup> January, Wednesday 26<sup>th</sup> February, and Wednesday 11<sup>th</sup> and 25<sup>th</sup> March. More details about Osteopathy, the courses offered and the open days from <https://www.eso.ac.uk/undergraduate/applying-to-the-eso/open-days/>

## **APPRENTICESHIPS AT ALDI**

### **For Year 11 upwards**

Aldi is one of the fastest-growing retailers in the country and a top 5 graduate employer. They are now offering apprenticeships in the areas of logistics, stores and drivers. These are hands-on, practical work placements combined with theory, as you work towards a qualification and a permanent position at Aldi. They have also produced a Parent's Guide to Apprenticeships to help understand the school leaver opportunities they have. For more details see:

<https://www.aldirecruitment.co.uk/apprentice/>

## **TASTER COURSES**

### **For Sixth Form**

King's College London has a few spaces left on its Classics & Ancient History taster session and Spanish taster session both on 4<sup>th</sup> December. More details of these courses and availability of any other subject taster courses for University of London can be found at <https://london.ac.uk/ways-study/study-campus-london/university-taster-courses>

## **STEM NEWS**

### **For All Year Groups**

The latest edition of The Smallpeice Trust's newsletter, SmallTalk Issue 35, is now available. This issue features the initial launch of their 2020 course timetable with other courses being launched over the coming months. Other features in the newsletter include a review of one of the brand new courses for 2019, Space Science and Engineering at Leicester University, and a new STEM day event, Cyber Forensics, held in Jersey this summer. Details from
