ENGINEERING COURSES

For Year 8 Upwards

The Smallpeice Trust has just released details of more residential engineering courses at UK universities including their new 'Introduction to Games Development' course. They offer a huge range of courses across the country, mostly taking place in the Easter holidays and in July and August. Take a look at the timetable <https://www.smallpeicetrust.org.uk/timetable> or visit their website <https://www.smallpeicetrust.org.uk/>

UNIVERSITY TASTER DAYS

For Year 12

More taster days have been added to the London University Taster Days programme which incorporates a range of day-long experiences across a variety of subjects held at universities in the London area. **All taster days are free.** Take a look at <https://london.ac.uk/ways-study/study-campus-london/university-taster-courses>

CAREER EXPERIENCES

For Year 9 Upwards

InvestIn Education has added new programmes to their already extensive range of career experiences for 2020. As well as their regular Young Doctor, Young Engineer, Young Political Leader, Young Journalist, Young Lawyer and Young Computer Scientist programmes, they have added programmes in Film Making, Entrepreneurship and Marketing and PR. In addition they are also offering a 'Step Into Your Future' weekend for 12 to 14 year olds. The programmes are fairly expensive but students from the school are entitled to a 10% discount when booking using the code CranbrookPS19. More details and bookings from <https://investin.org/>

CAREERS CONVENTION

For Year 11 Upwards

Benenden School is holding its biennial Careers and Higher Education & Futures Convention on Saturday 1st February from 11.00am to 2.00pm and students from Year 11 upwards from Cranbrook are invited to attend. There will be representatives from a wide range of organisations and universities present plus informal talks and workshops throughout the session. Please see Mrs Newman if you would like more details.

VETCAM RESIDENTIAL

For Year 11 and 12

The University of Cambridge is holding a two and a half day residential programme for Year 11 and 12 students interested in applying to study Veterinary Medicine at Cambridge University. It takes place on Monday 6th, Tuesday 7th and Wednesday 8th April and the programme aims to give a taste of the course and insight into life at a Cambridge college. This would be suitable for A/A* students studying chemistry. More details from <https://www.vet.cam.ac.uk/study/vet/vetcam>
