CAREERS APPOINTMENTS can be made by emailing Mrs Kiggell or Miss Clifford or by dropping into the library. These appointments are with an independent careers adviser and available fortnightly on a Thursday from year 10. Priority will be applied to different year groups at different times.

Chris Targett has helped develop a little careers quiz for you to do before you see a CXK Careers Adviser. It's fun and there is an opportunity to record your results on a leader's board.

AGRICULTURE/HORTICULTURE

A future in Fruit: Explore careers within the fruit industry

Cost: FREE! Date: 1st November 2023

Location: National Fruit Show, The Kent Showground, Kent. ME14 3JF

The National Fruit Show is dedicated to showcasing the best of British top and soft fruit, demonstrating all aspects of the fruit industry. Kent is renowned as the 'Garden of England', and at the forefront of producing the country's fresh fruit, making it the perfect venue for this industry focused event.

The Education team at the National Fruit Show have been working with schools across the country since 2011 and are excited to be inviting your school to join them. Students will gain an understanding and appreciation of the depth and diversity of careers within the fruit industry as they engage with real employers. Whilst the traditional STEAM careers will be represented by many different businesses, there will also be a variety of associated industries, such as HR, marketing, legal support, training and education.

Science: Hutchinson agronomy services offer scientific tailor-made solutions to help farmers increase their yields sustainably whilst LEAF (Linking Environment and Farming) support farmers and food producers across the globe as they strive to produce food in a sustainable manner using the latest scientific research to enable informed decision making.

Technology: Agri-EPI Centre are renowned for developing precision agriculture technologies, systems and eco systems to maximise agri-tech sector's contribution to sustainable food production and supply.

Engineering: Seymour provide farm machinery specifically for the fruit industry, using cutting edge technology to support growers across the world.

Arts: As well as a large press presence, specialist industry magazines provide a wide range of case studies and an insight into the many aspects of the industry.

Mathematics: Onepay, a payroll company specialise in international services, whilst Oxbury Agricultural Bank will provide an insight into the reality of financial decision making.

Details: Students will enjoy an introductory overview of the fruit industry, its careers and opportunities. Exploring the exhibition hall will help students navigate the many (over 100) different stands before spending time with the NFS Education Team for hands-on industry related activities. There will then be time for the students to explore the exhibition hall to meet real employers gathering information as they complete their careers challenges.

The visit will also meet many of the Gatsby Benchmarks and support many other subjects, such as design and technology, history, business studies and English language.

Accounting. A career for everyone.

A career in accountancy can take you places. To industries that excite you and countries that you love. Because finance is everywhere. Accountancy opens the door to a wide range of opportunities, both inside and outside of finance. It is open to anyone, anywhere, from any walk of life - students don't need to excel at maths to become an accountant. As the world's most forward-thinking accountancy body ACCA provides the opportunities and tools needed to become a successful finance and business professional.
